CAREER OBJECTIVE

Motivated and detail-oriented Computer Science student with a passion for UI/UX design, web development. Seeking an opportunity to leverage design tools like Figma and Canva to create intuitive and user-friendly interfaces while enhancing user experience.

TECHNICAL SKILLS

UI/UX Design	: Figma, Canva, Creatie
Web Development	: HTML, CSS, JavaScript
Languages	: Python
Frameworks & Tools	: Visual-studio, Git
Design Principles	: Color Theory, Typography, Layout, Gradients
Databases	: MYSQL

PROJECTS

Name: Out-Pass Management
Mini Project
RGUKT, Nuzvid

- Duration: 3 months
- Technologies Used: Python, Machine Learning, Computer Vision
- Description – Developed a student out-pass management system integrating machine learning and computer vision for authentication.Created a responsive user interface to enhance usability..

Name: Employee Management
Summer Intern
EDUBOT, Vijayawada

- Duration: 45 days
- Technologies Used:Java Swing, MySQL
- Description – Employee Management system of Desktop Application using Java Swing components.It allows Admin can do curd operations(create, update, delete).The data will store in Database (MYSQL).

Name: Content Club (EDU-HUB)
5 th semester
RGUKT, Nuzvid

- Duration: 1 month
- Technologies Used:HTML, CSS, JavaScript
- Description - Designed and implemented a platform for engineering students to access subject-related content. Improved content accessibility and streamlined user experience.

Name: Portfolio UI Design

- Duration: 2 days
- Technologies Used: Figma,HTML,CSS,JavaScript
- Description:Designed an interactive and responsive portfolio in Figma, featuring smooth animations, intuitive navigation, and adaptable layouts for desktop, tablet, and mobile devices. Focused on clean aesthetics, user engagement, and accessibility to enhance the overall user experience. Implement the design using HTML, CSS, JavaScript

Name: Softdrink App UI Design

- Duration: 2 days
- Tool Used: Figma
- Description:Developed a comprehensive UI design for "SOFT DRINKNS," a beverage application prototype created using Figma. The design emphasizes user-friendly navigation, visually appealing interfaces, and an intuitive user experience. Incorporated interactive elements and ensured responsiveness across various devices to enhance accessibility and engagement.

CERTIFICATIONS AND TRAININGS

Web Development workshop -Teckzite 2k21
Issued on June 2021

Python for Beginners - Great learning
Issued January 2024

Web Development Course - MACH IT
Issued 6 April - 19 June 2024

Full stack Java Programming - Summer Internship
Issued 18 may - 22 June 2024

EDUCATION

Rajiv Gandhi University of Knowledge Technologies   Nuzvid, Andhra Pradesh
Engineer's Degree, student of Computer science , CGPA:8.56   *2021 - till now*

ACHIEVEMENTS

- Achieved consistent academic excellence with a 10.00 CGPA in SSC.

- Successfully completed multiple internships and projects showcasing hands-on technical proficiency.

KEY STRENGTHS

- Good communication and collaboration skills

- Self-starter with the ability to work independently and in teams

- Multitasking and problem-solving abilities

- Passionate about learning new tools and design techniques
